This is a zeene dedicated to several important terms and definitions everyone should keep in mind while browsing the internet.

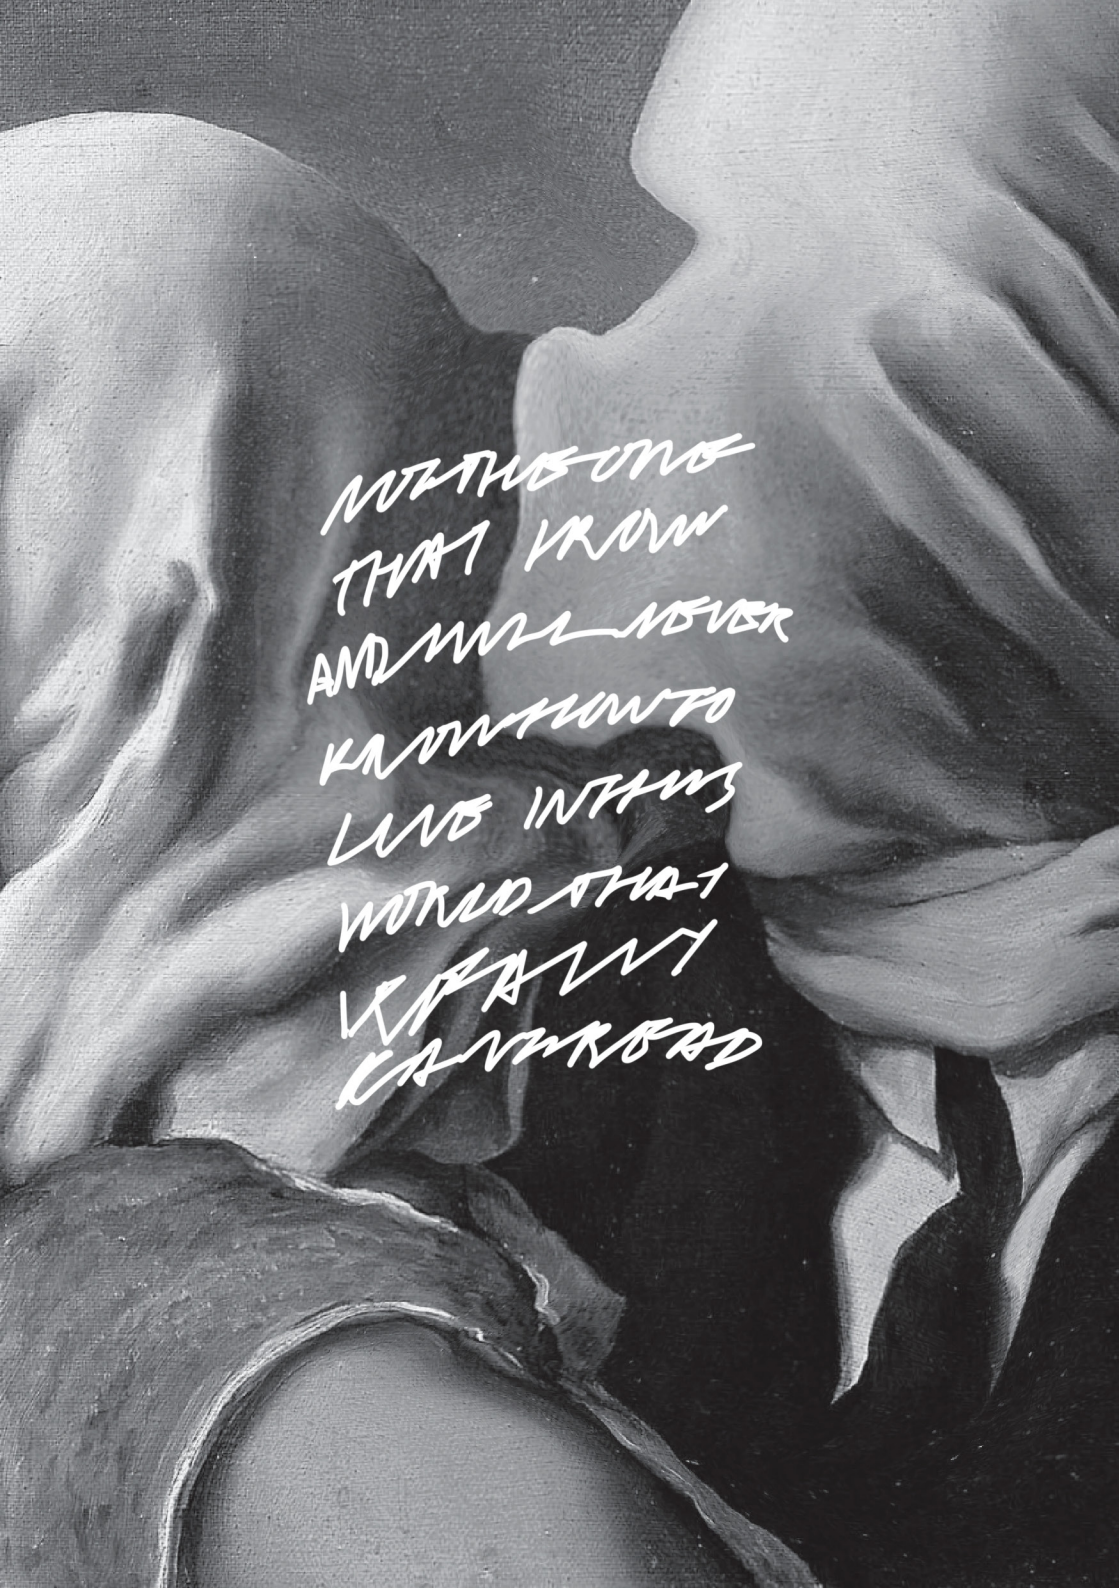

The selection of these terms is based upon understanding the web as a totalitarian system, imposing hierarchy and control over *us*- the users.

INTERFACE

noun /'n.tə.feɪs/

a connection between two pieces of electronic equipment, or between a person and a computer:

a situation, way, or place where two things come together and affect each other:

NOT THE ONE
THAT KNOW
AND WILL NEVER
KNOW HOW TO
LIVE IN THIS
WORLD THAT
WE CAN'T
CAVOR BEAD

ALGORITHM

noun /'æɪ.lɡə.ri.ðəm/

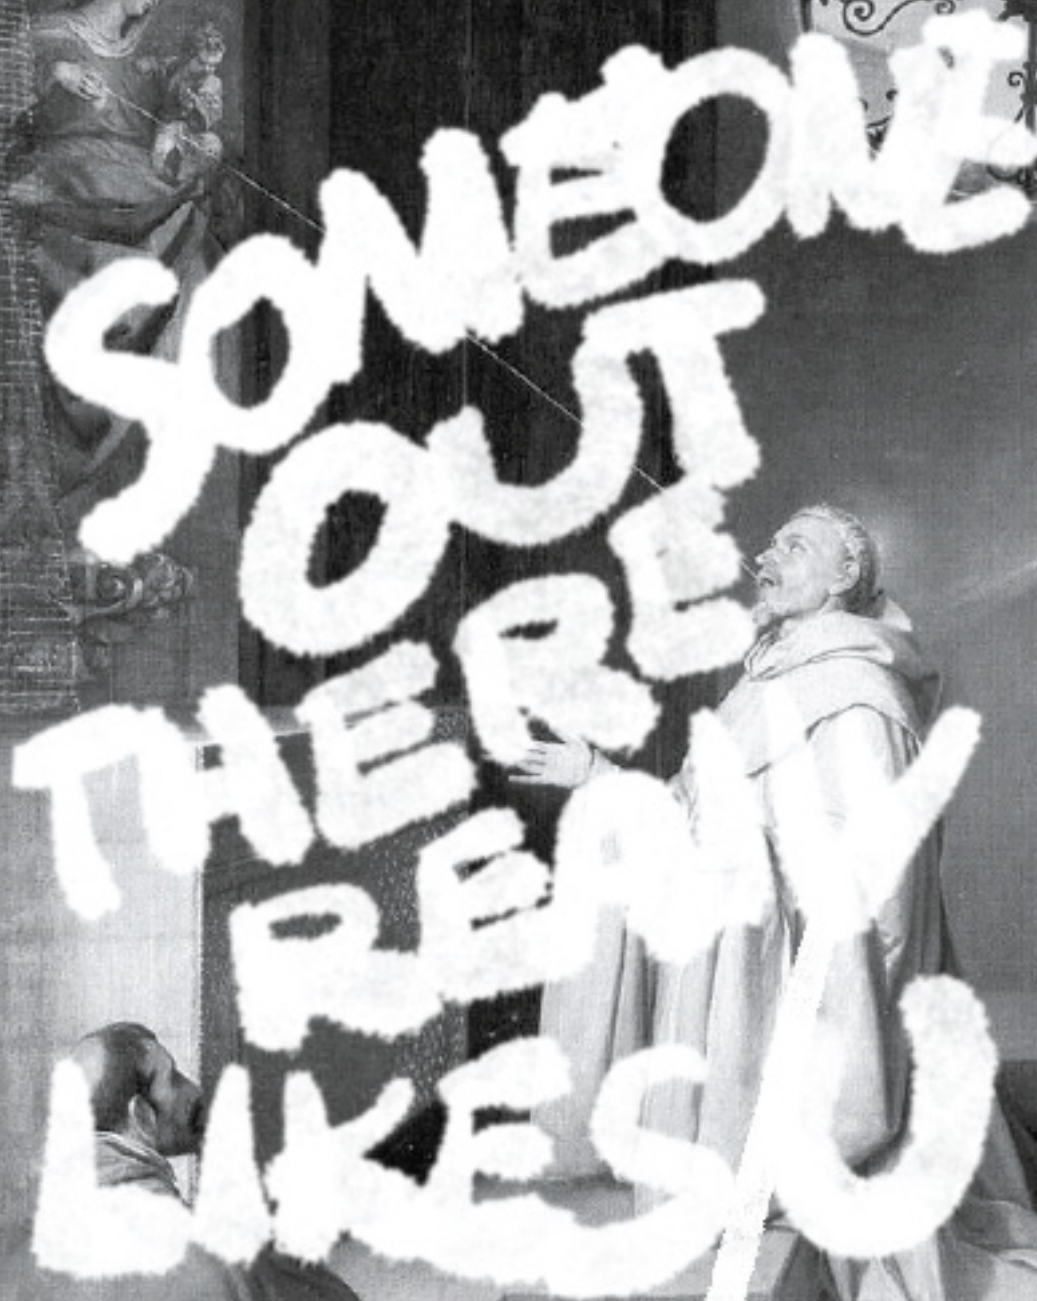

a set of mathematical instructions or rules that, especially if given to a computer, will help to calculate an answer to a problem:

POSITIVE FEEDBACK LOOP

Positive feedback loops enhance or amplify changes; this tends to move a system away from its equilibrium state and make it more unstable.

Negative feedbacks tend to dampen or buffer changes; this tends to hold a system to some equilibrium state making it more stable.

Positive feedback loops enhance or amplify changes; this tends to move a system away from its

A black and white photograph of a church interior. On the left, a statue of the Virgin Mary holding the Christ Child is visible. In the center, a large, stylized white text overlay reads "SOMEONE GOT THEM REEVE LIKE SO". On the right, a statue of a man in a long robe is shown in profile, looking upwards. In the background, a decorative window with a cross-shaped pattern is visible. The text is written in a thick, bubbly, hand-drawn style.

SOMEONE
GOT
THEM
REEVE
LIKE SO

BOTS

noun /bOt/

a computer program that works automatically, especially one that searches for and finds information on the internet:

WHAT WERE YOU DOING
WHEN YOU WERE HERE?

TERMS OF USE

Terms of service are the legal agreements between a service provider and a person who wants to use that service.

The person must agree to abide by the terms of service in order to use the offered service. Terms of service can also be merely a disclaimer, especially regarding the use of websites.

TERRA INCOGNITA

unknown territory;
an unexplored country or field of knowledge;

DEAD INTERNET

A theory which suggests that the internet has been almost entirely taken over by artificial intelligence.

Like lots of other online conspiracy theories, the audience for this one is growing because of discussion led by a mix of true believers, sarcastic trolls, and idly curious lovers of chitchat.
